

How do I set up Zoom?

Zoom needs to use your device's microphone and camera.

To do this:

1. Open the Settings app on your device.

🛦 🖬 💿 💎 🖬 92									
Settings									
Wireless & networks									
()	WLAN	*	Bluetooth						
0	Data usage		More						
Device									
Fn	Buttons		Status bar						
•	Display	۰	Sound & notification						
Personal									
•	Location	â	Security						
8	Accounts		Language & input						
	\bigtriangledown	0							

3.Tap 'App ops'.

4. Scroll down. Select Zoom.
